

All is futility

It's enough to estimate the world and what is offering, to convince yourself that "all that is happening under the sun is futile".

Free yourself from the trap of the boastfulness and put the foundation and existence unto God. By meditating the life of Jesus and Our Lady, you'll never become a pride person. Be always happy, whether when God comes towards your desire or whether when God comes towards your desire or whether gives you the impression that does not listing. Jesus beloved Son of the Father was exalted after He consumed His whole life were He had to overcome the cruelty of all men that rejected God. Love stays in the heart of man and woman only when God are sharing the pure and Sainthood of His Love. A man, and a woman, that are not capable of loving the divine life, that to achieve something delightful that satisfy the desire of the flesh. "We are called sons of God and we really are" <<1GV 3,1>>. In everyday life, in the life of the church, in the custom, and most of all in faith, in hope and charity, we have to develop the life that the Holy Spirit gave each and everyone of us in the baptism, the world that do not want to know God, cannot know us> Cannot comprehend the value of the principles of Christianity nor the importance of the commandments.

The wicked are scattered in the whole world so pious. The one does not know the others. Those who are living to satisfy their impure desire so to satisfy their pride, cannot know the one who are living Christ. Rather they're insulting them because they're acting for justice that the commandment require to achieve the eternal salvation. Men and women that are living only for fulfilment of their desire in what the well being promise to give them, are the middle of us, even in the midst of our friends, and family.

The wicked in biblical language, are those who are loving the world and its emptiness. The Sacred Scripture are calling wicked. The one who are refusing God and what God is offering for eternity, is certainly not the intelligence that are reasoning. Jesus walked on the streets of the world and they didn't want to know Him for who He really was. They said that the miracles that He performed, were nothing other than esoteric practice that came from the devil, Beelzebub they despised Him because they thought that He was possessed from the prince of demon. They hated Him because He reprimanded their unfair and evil behaviour.

The men that consecrated their lives to the pleasure of the flesh that the world is offering, can never know the Father in heaven as a Father that created and redeemed them. If they does not know the Father, cannot know the Son, they do not know the children of God and all that they are doing for the social justice for the life in the world. Our Cross is the Christian life lived in a world that refuse Christianity. The sins that we committed, Jesus atone it on the cross He gave us freedom, once risen He went in heaven, He'll make us perfect through virtue.

Jesus learned to live the life of this world. The gospel said that He grew in age, wisdom and Grace". His Father made Him perfect on the Cross, in fact through obedience to the Father that asked Him to suffer for our sins, He learned to do His will: "Learned to obey for the things He suffered." On the Cross the Father made Him perfect. Jesus son of Man became perfect. That is became Son of God. The work of perfection in holiness was completed from His Father. Even for those who are believing Christ, the obedience to faith is the only way which can be followed. Like Jesus, even you who are son of man, through the obedience of faith, can become son of God.

The life of a Christian has to be a reflection of the life of Jesus. Even you have to carry the cross of obedience to the word of God, and the Father in heaven will make you perfect in

the divine life, you have to learn to live according to the will of God not according to men mentality. In the obedience to faith you will learn to live what God wants to give you. Faith is the way of salvation and your glorification. "In heaven will live men and women, everyone will be like angels," said Jesus to such a person whom asked if in heaven exist marriages.

The one which with his sainthood life glorify God, overcome the devil so he'll receive revelation on the mystery of the church. The crucifixion "of the old man, with his sins and passions" generate the new man that rise in the risen Christ for eternity. This is the real reason for which Jesus said: To whom will not rebuke all that is pushing towards sin, and does not take the Cross of the word of God, cannot be my disciple.
