

As you're living in this time so it will be for your eternity

The last destination of the life accordingly to the word of God is perfection of the love of God and neighbours, without waiting for a reward.

If you really love your son, you wouldn't want anything in exchange for the sacrifices that you are doing for him.

The perfection of loving God and the neighbour is possible, on condition that the love is sincere and willing to do great sacrifices. The loved improve the love, these are in fact to go without and give it to whom is loved.

The sacrifices the commandment of love require, are those requested to become humble and available to do always and only the will of God. We also have to do the will of those people explicit or implicit whom needs our help to find the path of faith that they lost.

The definition of this love Jesus Himself gave it: Love God with all your heart, with all yourself and with all your strength, love your neighbours as I have loved you,

The divine love will be obtain when you'll not rely on your strength, but on the word of God that guide you in all the Lord wants from you. When the Lord will see the good intention and the decision to arrive even deeper, will give all the Graces that are necessary. The Grace of the Holy Spirit makes possible even what's impossible, even the victory against the stronger temptation, the devil in fact battle against you by himself, you instead will defeat him because remained near God. If you claim to oppose the devil by yourself, you will be defeated and you will do all the sins that he want you to do, the devil as a matter of fact, is an astute and expert adversary.

Remember the Lord established for you a time so that you will let the love born within you. Christ came out of God's eternity and entered in our time. What is the time? its the duration of things of the persons and humanity. But, going more deeper, in the time has been put all creatures, for searching and find men and women that had lost the way to eternal salvation. Jesus came out of the eternity and entered in the time. "Here I am, O Father, I'm going to do your will".

Jesus carried the will of the heavenly Father in the time of our history. The will of God entered in the time to bring to men and women not only the existence, also the way to get out from the time of this world and enter into eternity. Christ entered in the time and encountered all men and all women that lost the hope to enter the eternity, their sins

brought them to refuse Christ and the gospel, He searched also for men and women incline to suffer on the cross with his mother so that the conversion of sinners becomes less heavy.

With the remission of sins the Risen Christ initiated a new creation that He Himself calls the Kingdom of God: you said it, said to Pilate, I am King, my Kingdom though, is not of this world. The Crucified Risen Christ brought the time in the direction of the end of History in the earth. All men and all women are walking towards the end of time, that will be the end of human on the earth.

We have to make use of the time through the work that qualify for the Kingdom of God, the time is the price which we are buying the eternity, what we do within the time will qualify us for eternity: The Kingdom of God or the Kingdom of the devil, as you are living in the time so will be you eternity.

Get this the time pass and will remain eternity either the happy one, of the unhappy. Jesus came in the time to save men and women of good will from the ruin of sin therefore from damnation, appreciate the time that God gives you to sanctify yourself, do not waist any time, because it will not come back, the Risen Christ is giving you the possibility, to recuperate the lost time. How? if we do the walking of conversion, we always do the will of God, in this manner we enter in God, we enter in eternity.

You will recuperate the lost time when you live like Jesus lived; He did all the Father told Him to do. Father Pio said: the past lived to the mercy of God, the future to His providence, what you can have at present, live it well.

Put in properly your time through the presence of the word of God that comes from your practise, do always and only His will you will see that the Risen Jesus will enter in your time.

Don Vincenzo
